

UNDERSTANDING COW BEHAVIOUR

YOUR BEST DEFENCE AGAINST LAMENESS

IT WILL
CHANGE
THE WAY
YOU HANDLE
COWS!

Wednesday 15 June

Available session times:
11am – 2pm or
7pm – 9pm

At Warrnambool Racing
Club, Grafton Rd.

Neil Chesterton,

a veterinarian in Dairy practice
in New Zealand, has spent the
last 40 years studying the causes

of lameness. He travels for 3 to 4 months each year
presenting seminars and investigating lameness problems
in dairy herds. Neil will be in Warrnambool at Warrnambool
Racing Club for this exclusive seminar.

***You will learn things about
cow behaviour that will
surprise you!***

Cost: \$15 per Head or \$49 per Farm
split your farm team over 2 sessions!

Call to book a place for your team on **5561 7666**

Refreshments provided

RSVP Wednesday 8 June – Don't miss out

Do more than 10% of your herd get lame in a 12 month
period?

Do you have a lot of white-line lameness?

Do your cows lose weight when they get lame?

Do you need to use some pressure with backing gates
to keep the herd flowing?

If you answered YES to any of these questions,
then this seminar is a must for you and your
entire team.

Visit Neil's informative website at
www.lamecow.co.nz and view the video clip
at www.lamecow.co.nz/Cowflow.shtml.

RSVP Wednesday 8 June 2016
